# IT SOFTWARE DEVELOPER

CREATE-NET is seeking a Software Developer passionate about web applications development and its latest technologies. You will be part of our Innovation IT team based in Trento, Italy and will contribute to the development and testing of our portfolio of specialized software products for supporting the promotion and education of Create-Net innovation result.

**Technical skills**
- Working experience with HTML5, CSS, AJAX, JSON APIs, JavaScript
- Working experience with Ruby (on Rails) and PHP plus some knowledge about Java and Node.js
- Knowledge of Mobile application development (Native Android/iOs or PhoneGap/Cordova) and Responsive Web Design
- Knowledge or interest of functional programming languages (Haskell, Common Lisp, others) will be considered a strong plus
- Experience with relational DBMSs (PostgreSQL in particular)
- Experience with distributed version control systems such as Git
- Familiarity working with Linux environments (Redhat, Ubuntu)
- Experience and knowledge of agile methodologies, software design methods are also considered a plus.

**Specific Job responsibilities will include:**
- Contribution to the maintenance and evolution of existing tools which support e-learning and virtual incubation (community portal, tasks management app, event mobile app, idea-incubation/learning platform)
- Contribution to the development of new solutions for software integration
- Contribution to technical support.

**Organization skills**
- Autonomous thinking and problem solving skills;
- Prioritization, time management skills and capability to adapt to dynamic environments;
- Ability to work hands-on and with little supervision;
- Attitude to collaborative working.

Applicants should have Bachelor's degree (or equivalent experience) in computing or other related disciplines and a proven experience in web software development. They should be enthusiastic about web applications technologies, open-minded and willing to share and expand their knowledge and skills on other technologies too.

Please include any Github/Bitbucket or otherwise links to open source contributions you have made.

**HOW TO APPLY:** Please send your resume/CV in English to careers@create-net.org, specifying in the email subject: "IT SOFTWARE DEVELOPER_HC". Only applications submitted in English will be taken into consideration.
**Important:** due to Italian Privacy Protection Law n.196/03 any resume not mentioning explicitly the following wording: "I authorize the use of my personal data in accordance with Italian Privacy Protection Law (30/06/2003, n.196/03)" will be automatically deleted from our database and consequently not taken into consideration.
**Languages:** Excellent command of the English language (written and spoken) is essential. knowledge of the Italian language both spoken and written is not required, but can be helpful.
**Working Place**: Povo (Trento), Italy
